Cathy Beck - Bass & Vocals

Born in NYC and raised in NJ, bassist and vocalist Cathy Beck has music in her DNA — with her great Uncle Jimmy playing upright bass, her Grandmother playing mandolin, and her Mom singing with the neighborhood boys in the Bronx. From school plays and the church choir, Cathy began her vocal training along with piano. As a teen, she fell in love with rock and roll and began playing bass. Well-respected in NJ, Cathy played hundreds of shows on the East Coast, working with top agency bands, corporate and wedding bands, casinos, Jersey Shore club circuit, top night clubs, Northeast ski resorts, theaters, municipal events, private events and more. In 2021, Cathy relocated to South Florida and has quickly become one of the hottest new talents in the music scene here.

Marilyn J. Clement - Drums & Vocals

Marilyn J. started playing drums at seventeen on an old chair in her living room. A kind friend, noticing her passion, gifted her a set of drums. After just a few months of practicing on a real kit, she was already performing with bands. Over three decades later, she has had the privilege of playing with a diverse range of musical genres, including country, rock, blues, jazz, Christian bands, comedy shows, and prominent recording artists throughout Alaska, Texas, Oklahoma, Arkansas, and Florida.
